

ABOUT US

WE ARE SAFETY. WE ARE PEACE OF MIND. WE ARE REDGUARD.

ABOUT US

THE REDGUARD STORY.

RedGuard is the leading authority in blast resistance and a world leader in providing safe, customizable and scalable modular buildings. Driven by a passion for product innovation, RedGuard prides itself on the development of turnkey solutions that raise the bar in both personalization and protection for customers across industries and around the globe. The company's dedication to meet each of its customer's unique needs—from initial design to installation and beyond—combined with its unsurpassed standards for quality and overall safety makes it the go-to manufacturer in the industry. RedGuard is home to six of the most innovative divisions and products in the area of modular safe structures and threat mitigation.

LEASEFLEET™

LeaseFleet: The largest lease-ready BRB rental fleet of its kind in North America. RedGuard is the only blast-resistant building provider that offers quick, proven protection that's guaranteed to meet the needs of virtually any project—no matter how big. With nearly 1,200 buildings and growing, LeaseFleet provides safety in numbers and a level of customer service that can't be found anywhere else.

SAFETYSUITE™

SafetySuite: The premier line of fully customized structures. RedGuard has the only line of custom-made blast-resistant buildings that can provide the proven peace of mind and uncompromised comfort necessary to get the job done. Backed by the industry's only successfully tested, blast-resistant design and virtually unlimited manufacturing capabilities, SafetySuites offer a durable, comfortable and reliable environment that is unrivaled among the competition.

REDISUITE™

RediSuite: The industry's first standardized, suite-quality blast-resistant buildings. With top tier quality and safety, these pre-engineered modular buildings come in popular multi-functional layouts and are delivered without custom project delays, saving weeks in design and production time. Like all of our blast-resistant buildings, RediSuite increases efficiency and saves lives on-site.

VERSABILT™

VersaBilt: Innovative modular structures designed to meet the changing needs of fast-growing organizations. Built upon an all-steel frame, our structures are not only dramatically stronger and longer lasting than traditional wood frame buildings, they can be easily modified to grow with your organization. All VersaBilt structures are built in our own production facility to virtually eliminate disruptions and liabilities on your site.

COVERSIX™ SHELTERS

CoverSix Shelters: The ultimate solution to keep personnel, equipment and electronics safe and secure. CoverSix provides government and military customers with a wide variety of structures for protection and security at any threat level. Our structures feature threat mitigation such as blast resistance, ballistic resistance and/or storm protection, as well as custom-outfitted ISO containers to be used as portable storage facilities and mobile office locations.

SITEBOX™ STORAGE

SiteBox Storage: The go-to storage solution for companies throughout Kansas, Oklahoma and Texas. With unmatched logistics and one of the region's largest fleets of portable storage units and on-site offices, SiteBox Storage offers the industry's most responsive and reliable customer service to help operations become more productive, organized and better protected in the shortest timeframe imaginable.

At RedGuard, we have dedicated ourselves to five key disciplines: concept, design, build, install and operation. By doing so, we have earned the respect of engineers, operators, architects, contractors, planners and supply chain managers as well as procurement and turnaround specialists throughout the world. RedGuard is the leading authority in the area of modular safe space, and we are proud that some of the world's largest corporations are our customers.
