

THE INDUSTRY'S LARGEST FLEET OF SUCCESSFULLY TESTED BLAST-RESISTANT BUILDINGS.

LEASEFLEET

WE HAVE YOU COVERED.

No matter how many you need, how big you need them to be or what you need them to do, chances are our LeaseFleet has the blast-resistant buildings you need to increase efficiency and save lives. Offered in two widths and a variety of lengths, our successfully tested blast-resistant buildings can be configured to create virtually any structure you can imagine. Plus, all LeaseFleet buildings adhere to API 753 and meet the criteria for a low or medium response rating (low or medium damage) by the American Society of Civil Engineers to provide proven protection and increased peace of mind.

8-FOOT-WIDE BLAST-RESISTANT BUILDINGS

RESPONSE LEVEL

8' X 10' GUARD SHACK	Features blast-resistant windows for safe and secure viewing	LOW/MEDIUM
8' X 20' OPEN FLOOR	An open floor plan that provides the flexibility to meet virtually any need	LOW/MEDIUM
8' X 40' OPEN FLOOR	Perfect for those who need a little extra open space	LOW/MEDIUM
8' X 40' TOOL CRIB	Fully equipped with everything from equipment racks to a lighted workbench	LOW/MEDIUM

12-FOOT-WIDE BLAST-RESISTANT BUILDINGS

12' X 40' OPEN FLOOR	480 square feet of open space for anything from office space to an employee lunch room	LOW/MEDIUM
12' X 40' ONE & TWO WALLS	Features separate entrances for office space and storage	LOW/MEDIUM
12' X 40' ONE WALL RESTROOM	Features private office space, storage or a conference room and restroom facilities	LOW/MEDIUM
12' X 40' RESTROOM	Includes separate spaces for men and women and features sinks, toilets and urinals all plumbed to a wet wall for easy access	LOW/MEDIUM
12' X 40' MULTI-SECTION	Fit together multiple buildings with no on-site welding for a large interior space	LOW/MEDIUM
12' X 40' CENTER SECTION	A must-have for anyone looking to create a multi-building structure	LOW/MEDIUM

NEED TO GO EVEN BIGGER? We can combine two of our eight-foot-wide buildings into one 16' x 20' super structure or bring together two 12'x40' multi-section end pieces with multiple center sections in-between to create a structure as big as your site can handle.

LEASEFLEET BUILDINGS COME FULLY EQUIPPED WITH: Redundant placement of steel floor, wall and ceiling members covered with 10-gauge steel panels • Two steel-reinforced doors • ISO lift and tie down points at each corner • 7/16" oriented stranded board (OSB) or fiber reinforced plastic panels (FRP) • Interlocking polyvinyl coin tile • Tamperproof and shielded fluorescent overhead lighting • Two, three-inch ports for incoming electrical and communication services • Fiberglass insulation • Two HVAC units (or one wall-mounted unit) • Standard RJ-45 or RJ-11 Ethernet jacks • Smoke/carbon monoxide detectors • ABC fire extinguishers • Exit signs with emergency lighting • Exterior coating of red polyurea

PLAN AHEAD. While we're proud to feature the world's largest fleet of blast-resistant buildings and multiple, strategically placed, distribution centers across North America, it is still important to get us involved in your planning process as soon as possible. By doing so, we can not only ensure you get the buildings you need but that we can get them to you in the most economically efficient way possible.
