

ESSENTIAL SUPPORT EQUIPMENT FOR CRITICAL OPERATIONS

Support safe, efficient and uninterrupted operations with Armoda's fleet of auxiliary equipment solutions. Designed for offshore, onshore, marine and industrial applications, our equipment is engineered to integrate seamlessly with accommodation complexes, worksite infrastructure and mission-critical operations. Built for reliability, performance and compliance, Armoda delivers scalable equipment solutions that help streamline deployment, enhance operational efficiency, and support project success in demanding environments.

INDUSTRIES WE SERVE:

- Oil & Gas
- Energy
- Maritime
- Petrochemical
- Renewable Energy
- Military

BUILT TO EXCEED EXPECTATIONS

Complete Site Support Solutions

Armoda offers a comprehensive fleet of auxiliary equipment designed to support accommodations, utilities, fire and safety systems, power distribution and operational infrastructure for temporary and permanent installations.

Utility & Water Systems

Our fleet includes marine sanitation devices (MSDs), water makers, water holding tanks, sewage holding tanks, pressure sets and reverse osmosis (R/O) Units to ensure reliable water treatment, storage and distribution capabilities.

Power & Distribution

Generators, transformers and distribution racks provide dependable power generation and distribution solutions to support critical operations in remote and hazardous environments.

Access & Structural Systems

Stairways, platforms, short steps and stacking frames are engineered to enhance site accessibility, safety and modular integration across a wide range of applications.

AUXILIARY EQUIPMENT AVAILABILITY

- Stairs, short steps, walkways and landings
- Stacking frame
- Heliports
- Marine sanitation devices (MSDs)
- Water makers
- Water holding tanks
- Sewage holding tanks
- Pressure sets
- Reverse osmosis (R/O) units
- Generators
- Diesel tanks
- Distribution racks
- Transformers
- Fire and gas safety systems

Specialized Equipment

Heliports/helidecks and fire panels provide essential operational and safety support for offshore facilities, marine assets and industrial installations requiring compliance with stringent industry standards.

SPEAK WITH OUR TEAM

Whether you're supporting an offshore facility, industrial site or remote operation, Armoda's auxiliary equipment solutions are engineered to keep your project running safely and efficiently. Contact our team today to discuss your requirements and discover how we can help streamline deployment, enhance performance and support operational success.
