

CERTIFIED. COMPLIANT. BUILT FOR OFFSHORE OPERATIONS.

When your project depends on the safe transportation, storage and handling of critical equipment and materials, Armoda delivers container and cargo solutions engineered for performance in the world's most demanding environments. Whether you need a readily available rental unit, the refurbishment of existing assets or a custom-fabricated solution designed around specific operational requirements, Armoda provides certified cargo-carrying equipment built to DNV 2.7-1 standards. Serving offshore, marine, industrial, defense and energy markets, our solutions help operators improve logistics efficiency, maintain regulatory compliance and support safe lifting and transportation operations.

INDUSTRIES WE SERVE:

- Oil & Gas
- Energy
- Maritime
- Petrochemical
- Renewable Energy
- Military

BUILT TO EXCEED EXPECTATIONS

Offshore-Certified Cargo Solutions

Armoda's cargo fleet delivers safe, reliable transportation and storage solutions for offshore facilities, vessels, fabrication yards and remote project sites.

Flexible Cargo Handling

Cargo containers, mini tall containers, half-height baskets, pallet boxes and other cargo carriers for transporting tools, equipment and mission-critical materials.

Durable Construction

Hot-dip galvanized or painted finishes provide long-term durability and corrosion resistance in harsh offshore and marine environments.

Rental Fleet, Refurbishment & Custom Fabrication

A large rental fleet is available for immediate deployment, with refurbishment services and custom fabrication to extend equipment life and support specialized project requirements.

CONTAINERIZED CARGO UNIT ASSETS

- 10 ft. DNV Container
- 20 ft. DNV Container
- 20 ft. Open Top Container
- 10 ft. HH Basket w/ Swing Doors
- 15 ft. HH Basket w/ Removable Door
- 20 ft. HH Basket w/ Removable Door
- 24 ft. HH Basket w/ Removable Door
- 6 ft. Dry Van/Pallet Box
- 6 ft. Mini Tall Container

Custom manufactured DNV units available upon request

DNV-Certified Equipment

Built to DNV 2.7-1 standards for compliant offshore lifting, transportation and storage.

Engineered-to-Order Solutions

When standard equipment isn't the right fit, Armoda designs and fabricates custom cargo carriers, baskets, containers and specialized handling equipment engineered to meet project-specific operational, dimensional and certification requirements.

SPEAK WITH OUR TEAM

Whether you need a rental unit for immediate deployment, refurbishment of existing equipment, or a fully custom-engineered cargo solution, Armoda delivers certified equipment designed to support safe, efficient and compliant operations in the most demanding environments.
